Corn and forage crops grow in abundance; 55 bushels of good,

JOYING LIFE AND MAKING MONEY.

Farms. There are no severe winters in Indian River Farms to cause loss and decrease profits of stock raising and the year round growing season and abundance of forages and feeds that can be grown means the production of cattle and hogs at a very low cost.

Food is short and the demand is great; why not produce food crops in a year around growing country which means the greatest

You have to see Vero to fully appreciate its advantages and possibilities, so come down on the next excursion; write or call for rates and routes or further information regarding Vero and Indian River

hard corn were produced to the acre as a second crop in Indian River
